

Attendance and Tardiness Policy

All absences must be reported to the attendance office by a parent or guardian before 9:00 AM on the day of the absence. A note delivered to the teacher directly does not excuse the absence in the school system.

A student is marked tardy if they arrive after the bell but within 10 minutes of the period start. Arrivals beyond 10 minutes are recorded as an unexcused absence for that period unless accompanied by an office pass.

Three unexcused tardies in a single course in one term trigger an automatic notification to the student's guardian. Five trigger a meeting with the grade-level office.

Planned absences for family travel or athletics must be submitted to the grade-level office at least one week in advance using the Planned Absence form. Teachers are notified automatically once the form is approved.

Students returning from an excused absence have three school days to submit or make up any missed work, measured from the day they return, not the day the work was originally due.
